G'Day

Thanks for your interest in our Organic Rams. We just held our 20th holiday draw for ram buyers in 2011. It was for 2 nights free accommodation at Turner Heights Townhouses, Queenstown. (The City Townhouses sleep up to 6 people).

Dave and Rebecca Arkell, the managers of Turner Heights drew the winning number which was a Wiltshire Ram W222/09 purchased by **PAUL WALLER, LUMSDEN, CONGRATULATIONS PAUL !**

We will hold another raffle next year for Rams bought this coming season from January of 2011. New Ram catalogues will be sent about 24th January. (If you don't see a Ram catalogue by the 27th January let me know please). A small number of older rams and some Stud & flock ewes will also be available.

We are getting a lot of new enquiries for our rams and ewes coming in each week, **so please book in your Rams now** to ensure you retain your pick in January.

Also remember 3% discount for each previous year you've bought rams from us. Discount is capped at 30%. We will be offering for sale **Wiltshire, 3/4Wiltshire and NZ Marsh Twotooth Rams.** We have had a good Spring with more hair Wiltshires and all rams have grown out well. Its been a busy year. As Board of Trustees Chairman for our small local school Blackmount, I researched and joint edited a 232 page A4 colour history book of the area over the last two years. We had our 100 years celebration in November and launched the book "Mountains of Learning" then, so this letter's been later coming this year.

Please fill out this PDF and email back to me or send back the cut off coupon at the bottom of this page with your best indication of what your Ram requirements (breed and number) might be.

We just need a guide, even if its none, one or 15+ rams. This booking indication can help us immensely in sorting out rams, numbers required for existing Ram buyers, and working out how many new interested farmers we can book in after you. It also helps us plan our time more effectively during sales weeks. Also there is a space for comments on the rams and resulting progeny. Please be brutally honest, feedback is a huge help with breeding better Organic rams. **Please print out and post booking to the above address or fill it out by opening attached PDF on the computer fill out and save and email the saved attachment back to us to tim@organic-rams.co.nz** as soon as you can please, THANKYOU.

Have a Very Merry Christmas & Happy New Year!

Kind Regards, Tim, Helen, Jasmine, Melinda, Nikita and Robert Gow.

ESTIMATE OF RAMS NEEDED FROM MANGAPIRI DOWNS ORGANICSTUD FARM®

	FLOCK	STUD TYPE
PUREBRED WILTSHIRE RAMS	<input type="text"/>	<input type="text"/>
